

MISSION STATEMENT

The Loft Community Partnership is the 501(c)(3) organization that identifies and connects the resources located within the Penn Manor School District and Lancaster County to individuals and families residing within Penn Manor School District who require assistance of various types. The Loft Community Partnership also seeks to create and expand connections among the partner resource organizations.

“It takes a village
to build a strong
community.”

COMMUNITY PARTNERSHIP**

The Loft Community Partnership

OUR VISION

The Loft Community Partnership seeks to create a more holistic approach to eliminating poverty within Penn Manor School District by creating a HUB, or a centralized location, for residents to attain various services, including food, clothing, toiletries, referrals for transportation, and other services in the areas of finances and education. We aim to alleviate poverty in the Penn Manor community by providing those services. Since services in Penn Manor School District are so widespread, we seek to create partnership among those agencies, services, and resources to provide more accessibility to the residents of our community, therefore allowing them to meet their families' needs.

OUR FUTURE

The Loft Community Partnership became a 501c3 organization in spring of 2020. We relocated to a larger, more accessible facility in July 2020 and desire to expand our partnerships to more agencies within Lancaster County. We aim to create the centralized HUB within the next few years to provide a space in which a multitude of different agencies can provide services in one location, and referrals can be made to outside agencies. Introducing this centralized service will increase resource accessibility for Penn Manor residents and increase service outreach for agencies in the area.

BOARD OF DIRECTORS

Todd Capitao: Treasurer

Other Board Members:
Joy Meley
Deb Franssen
Dr. Jerry Egan
Sue Ellenberg
Shandra Stoner

Jill Montgomery: Director of Strategic Partnerships

CURRENT SERVICES AND NEEDS

The Loft Community Partnership currently provides food and clothing at no cost to Penn Manor residents. This service is provided at St. Paul Lutheran Church 222 North George Street, Millersville, PA 17551, and is currently operating as a weekly drive-thru service in which volunteers place food in the trunks of patrons' cars to reduce physical contact. We operate fully through volunteered time and donated materials including food, clothing, and monetary donations. We have one part-time employee who serves to create and enhance partnerships with other agencies within Penn Manor School District to increase accessibility for our residents to receive all necessary services.

Our current needs include food for our food pantry and monetary donations as we aim to broaden our partnership to include more agencies, resources, and services, as well as to expand connections to better serve our clients. Our food needs change from week to week, so please find us on our website or Facebook (@Loft Community Partnership) to keep up-to-date with our most urgent needs!
